

Photo Gallery

Feature Introduction

Players can now access the brand-new **Photo Gallery** system through the **System Menu**, allowing them to explore a wide variety of visual content:

- **Included Content:** Features funny memes, dynamic GIFs, and beautifully illustrated CG artwork.
 - **Unlock Methods:**
 - **Daily Tasks:** Gradually unlock content by completing specific objectives during gameplay.
 - **Gold Purchase:** If you do not want to go through the “grinding” process, you can also directly unlock content using in-game currency.
 - **Real-time Notifications:** Whenever a new photo is unlocked, the system will immediately notify the Player through a pop-up message.
-

Interaction and Operations

Inside the gallery, you can not only enjoy the artwork, but also perform the following actions:

- **Detailed Information:** Click on an image to view its name, unlock time, and exclusive description.
 - **Convenient Sharing:** Supports directly **exporting images locally** or **copying them to the clipboard**, making it easy to share them with friends anytime.
