

# Inventory Features

---

## Access Guide

Players can open the inventory directly by clicking the **Backpack** icon in the **[Feeding Panel]**.

---

## Feature Introduction

The inventory provides a better environment for the gaming experience:

- **In-depth MOD Expansion** Supports MOD creators in adding more custom items, expanding storage logic, and related derivative features.
- **Growth Benefits** The system issues a “Daily Gift Box” every day. Upon opening, you can obtain various random items. The richness of the rewards increases with the current level of the VPet.

---

## Usage and Consumption Rules

When using items, please pay attention to the special markers on the interface:

- **Never Consumed**☑Items in the inventory marked with a checkmark symbol will not be consumed after use. Players can keep and reuse them permanently. **Regular Consumption:** Consumable items without a checkmark will disappear normally after use.
